Study Routes Available

The Chartered Banker Master of Business Administration (CBMBA) is a ground-breaking new qualification that allows you to gain the dual award of a top MBA in Banking and Finance and 'Chartered Banker' status.

Full details of the Programme can be found in the CBMBA brochure or by going to:

www.charteredbankermba.co.uk

The **Full MBA Programme** is relevant to all banking professionals, from those just embarking upon their career to those who wish to build upon their existing banking qualifications and experience. Professionals from other sectors who need to improve their knowledge and/or are considering a career move into banking and financial services will also find the programme attractive.

"In short, the CBMBA provides a qualification that combines everything demanded of current and future leaders in the new, post-crisis banking environment."

The **Accelerated Programme** is suitable for professionally qualified Chartered Bankers or those with an equivalent banking qualification. Module exemptions may also be available for those holding relevant Accountancy, Banking or Management qualifications.

The **Super Accelerated Programme** is available for existing MBA holders and for non-MBA holders with appropriate executive level experience.

Applicants are evaluated on a case-by-case basis for all of our programmes.

"CBMBA is the 'gold standard' dual award of professionalism in banking."

New for 2012

If you are not able to commit to the full MBA but still wish to enjoy the learning from some of the key modules and gain an internationally recognised qualification, from 2012 a **Post Graduate Certificate** and **Diploma** will be available. Entry will be assessed in the same way as entry onto the full MBA Programme.

Note: Any student completing the Post Graduate Certificate or Post Graduate Diploma will be able to top up to the full MBA Programme.
